**Email ID:** misskhushidayal@gmail.com

**Mobile:** +91 9693843191

**LinkedIn:** t.ly/8XvRY

**GitHub:** github.com/khushiDayal

## Objective

Seeking to leverage my expertise in web and mobile applications with modern frameworks to deliver scalable, responsive solutions. Aiming to enhance user experience, drive success through agile methodologies, and collaborate with teams in an innovative IT company.

## Education

### Master of Computer Application

Noida Institute of Engineering and Technology | 1st year 7.9 cgpa      2023 - Present

### Bachelor of Computer Application

Amity University (Online – Distance Mode) | 7.5 cgpa      2018 - 2021

## Skills

- **Front-end** - HTML, CSS, JavaScript, Bootstrap
- **Backend** - Node.js, Express.js, MongoDB, MySQL, PocketBase
- **Tools & Technologies** - Git & GitHub, Linux, Adobe Photoshop

## Projects

- **Node Blog:** Developed a dynamic blog platform using **Node.js, Express.js, MongoDB, and EJS** with a responsive frontend. Features include topic-based blog search, and an admin dashboard for creating, editing, and deleting posts. Ensured seamless user experience with secure admin authentication.
- **URL Simplified:** MCA 2nd-year Mini-Project made using **SvelteKit** and **PocketBase**, converts long URLs into concise, shareable links. It features a user-friendly interface, efficient backend integration, and basic analytics to track clicks deployed on Pockethost.
- **Form-Validation:** This mini project is a form-validation feature developed using HTML, CSS, and JavaScript. The project ensures that user inputs are properly validated before submission, and easily defines and modifies validation rules for different form fields, including email, and password. Error messages guide users to correct their inputs, improving usability.

## Work Experience

### Namaskaram Bharat (Nursery and Gardening Store)

- Designed eye-catching posters for various events and promotional campaigns.
- Created engaging and visually appealing posts for Instagram to promote brand awareness and increase audience engagement, designed and implemented plant decors for office spaces and events, enhancing the overall ambiance and aesthetics.
- Maintained accurate customer details in databases, ensuring data integrity and confidentiality.

## Certifications

- The Web Developer Bootcamp - by Colt Steele (2024)
- Introduction to Python by Infosys Springboard (2023)
- Linux Command Line for Beginners by Infosys Springboard (2023)
